

# Kirkpatrick Four Levels® Evaluation Certification Program - Bronze Level

In-Person Format

## Program Description

The Kirkpatrick Model comprises the foremost evaluation methodology in the world. In this program, you will learn the true and correct methodology and apply it to an actual program to maximize business results. This program is limited to 30 or fewer participants to ensure you receive personalized attention and the opportunity to participate.

During this program, you will learn the four levels, receive a participant manual filled with examples and templates that you may borrow and adapt to build your own Blended Evaluation Plan® tools, and gain a complete understanding of what each level measures. You will also explore the reasons why evaluation is critical to training success and hear case studies and stories from companies that have used the model effectively. You will learn tactics to help you allocate training resources effectively.

A focus of this program is the exploration of how to ensure that what is learned transfers to on-the-job behaviors. You will learn why training alone is not enough and receive guidance to ensure that what you teach actually gets used on the job.

## Program Description

After this program, you will be able to:

- Objectively determine where to allocate training resources for the greatest business impact
- Create an effective program Blended Evaluation Plan® that maximizes business results and minimizes resources employed
- Define the critical difference between effective training and training effectiveness
- Identify appropriate Blended Evaluation Plan® methods and tools for any program
